KORD-Valmark™
Labware Products
by Bioplast Manufacturing

Manufacturer of Quality Dishes Since 1968

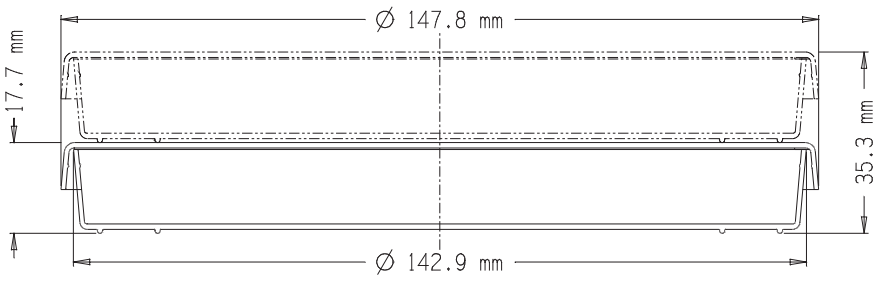

2902 - 150 x 15 mm Slippable Petri Dish

- Stabilization ring in base ensures even media depth for susceptibility test
- For use in automated filling equipment
- Disposable (single use) polystyrene petri dish for general microbiological use
- Molded from medical-grade virgin polystyrene
- Optically clear
- Radiation sterilized
- Contents sterile if sleeve is unopened
- Ventilation ribs allow for free air circulation and reduce condensation during incubation
- Consistent flatness allows for even media distribution
- Certificates of Sterilization Processing available upon request
- Traceable by lot and SKU number
- Certificates of Compliance available upon request
